

Organic Growth Fast Strategy 5

- Publish other success viral videos to grow your account
- You allowed publish those viral videos in your account, just put credit on it (creator of this video : XXX) – TikTok allow that
- This is the reason why some accounts they have a lot of views, likes and followers

Organic Growth Fast Strategy 6

- Put a lot of comments & response every single comment until you become an influencer
- The more comments you put, the more people will see your videos, the more people will see your profile, the more people will follow you
- Unlike IG and other social media platform, there is no restriction on TikTok
- You can put as many comments as you can
- Respond to positive comments will help your TikTok account grow

Organic Growth Fast Strategy 7

- Put your own name or brand on hashtag
- Eg. I put #carrieyu on every single post
- The number of views will increase each time
- The more views your hashtag will have
- Sometime maybe people reuse this hashtag
- TikTok will give you a higher ranking the more hashtags you use
- It will increase your identity in Google
- You can use Google search to view your TikTok posts

Organic Growth Fast Strategy 8

- You can repost the successful videos (with many views) after 10-15 days
- Change the duration, text or music of the success video
- That looks like new video for TikTok
- Eg. 1st video has 10,000 views, after 15 days repost the modify version, it may has 20,000 views, and you can repost the 3rd time
- It will gain more likes and views
- No restriction to repeat this action
- It will increase your followers and your likes
